Habitat for Humanity Founded in 1991, Habitat for Humanity Edmonton is a charitable organization working towards a world where everyone has a safe and decent place to live. Their mission is to mobilize volunteers and community partners in building affordable housing and promoting home ownership as a means to breaking the cycle of poverty. Visit [HFH.org](http://HFH.org) for more information.

Neufeld Landing is Habitat for Humanity Edmonton's largest build to date. It is also the largest Habitat development in Canadian History. The build is located in South Edmonton's Rutherford community and will be home to 64 families when completed.

Habitat for Humanity Edmonton's Prefab Shop is open Tuesday to Saturday from 8:30am – 4:00pm. Volunteers prefabricate walls for our builds under the guidance of our professional staff. Our Prefab Shop is a crucial part of Habitat's construction arm and we always need volunteers to help prefabricate walls, decks and stairs for our builds.

ReStore is a social enterprise that funds Habitat for Humanity Edmonton's administration costs. So when you're helping ReStore, you're helping the entire Habitat for Humanity Edmonton family and the families we serve! You don't need to be an expert to volunteer at ReStore - you just have to be willing to lend your hands!
